

## **ELITE GPS NPA approved in Australia**

Melbourne, October 27th 1999.

ELITE has officially been approved by the CASA (Civil Aviation Authority Australia) as Category B trainer with IFR GPS NPA capability. With this approval ELITE software incorporates worldwide the only software-simulated GPS which has been accredited for training and recency for stand alone GPS approaches.

ELITE software and hardware approved were: ELITE Personal Simulator Piper Seneca III, Beech Baron 58, Beech Bonanza A36, Cessna 172P/R, Piper Arrow IV, Mooney M20J, as well as the ELITE Pro Panel and ELITE Avionics Panel 2000.

The Approval for 20 hours instrument time and 15 hours cross country time, was granted to Moorabin Simulators, Melbourne. We thank Mike Tavcar for his commitment to ELITE and for his ongoing efforts in achieving this certification.

For additional information on the CASA approval contact R. Huddleston at **Elite Simulation Solutions AG** on **(0041)43-355-19-20**.
